EDUCATION

Code Crew Coding School   Jan 2019-June 2019

- Graduated from the Full-Stack Web Development class

University of Memphis, Memphis,TN   Fall 2016

- Earned Bachelor of Science in Mathematics

TECHNICAL SKILLS

- Languages and Frameworks

    JavaScript   Java   Python   React   Django   Bootstrap   MongoDB   SQL

    Spring Boot   AJAX   Node.js   React.js

- Certifications

    Microsoft Technology Associate: Introduction to Programming Using JavaScript

PROJECTS

Mock Twitter - *JavaScript*

- Individual web application that allows a user to add, edit, and view post.
- Employs MongoDB as a database to store each user's credentials and posts
- Implements Express and Node.js to handle backend routes and request from the client and Bootstrap and React.js to design the front-end

Math.Alpha - *Python*

- Full-Stack web application that allows a user ask, answer, comment, and vote on math-related questions.
- Utilizes SQL as a database to store each user's credentials and post.
- Implements the Django framework to handle backend routes, Django's templating language to design the front-end.
- Employs AJAX to make asynchronous requests to handle voting

WORK EXPERIENCE

Teaching Assistant for Kumon   June 2016-Present

- Motivate students to become self-learners and instill a greater sense of confidence in themselves by giving them guidance to solve problems in their assignments
- Drill memorization techniques to enable students to improve their fundamentals in both math and reading
